Farm Yard Addition Game

Materials: Addend number cards (on next page), sum number cards (on next pages), and up to 20 farm animals or other objects for counting.

Directions: Print the addend and sum number cards on the next pages and cut them out. Print the farm yard addition board. You may wish to laminate both the number cards and the farm yard addition board for greater durability.

Have your child select an addend number card and place it in the left addend box on the farm yard addition board. Have your child count out that number of farm animals (or other counting object) and place them on the farm yard addition board.

Have your child select a second addend number card and place it in the right addend box on the farm yard addition board. Have your child count out that number of farm animals (or other counting object) and place them on the farm yard addition board.

Have your child calculate the total number of farm animals. Then have your child find that number among the sum number cards and place that card in the yellow sum box on the farm yard addition board.

0	1	2	3	4	5
<u>6</u>	7	8	<u>9</u>	10	0
1	2	3	4	5	6
7	8	9	10		

Note: The white cards on this page are the addend cards (addends are the numbers to be added).
